INSURANCE

We are happy to process your insurance claims for you. Please let us know in advance if you have insurance, and present your insurance card to us. Please consult your benefit department to determine your provider network eligibility and specific details of your plan.

We ask for a 20-30% down payment on all treatment on the day of service. Once the insurance claim has been processed, the difference will either be billed or credited to you.

Insurance is a benefit provided by your employer. Each plan is different and covers different amounts. It is not meant to be all-inclusive nor a determining factor in the treatment recommendations made by our doctor. However, it can provide valuable financial assistance for your dental care needs.
